I mean I'm gonna whoop your sissy-britchered,
slick-haired body into a smelly pulp.

Jane

I can tell you you're slimy
prone and grotesque,

In November of 1979, Andy Kaufman
taunted the fair sex of America on
Saturday Night Live: He promised
\$1,000 to the first woman who could
pin him in a wrestling contest. As
a further reward, he would shave
his head bald, and he later added he
would marry the winning contestant.

Kaufman received a torrent of
impassioned challenges from would-
be contenders across the country.
The astonishing responses he wanted
to publish as a book are finally printed
here.

I will prove, beyond the shadow that falls
underneath Bobby Riggs' toupee, that you are
nothing more than a spineless debased tremulous ass!

Get your razor ready, tuna!

ALL men stink-especially you!

I'll pin your
pig ears to the corn stig.
Love,
Cathy
